

Christopher R. Myers

*Senior Research Associate
Computational Biology Service Unit
Life Sciences Core Laboratories Center
Cornell University*

Education

Ph.D., Cornell University (Physics), 1991
M.S., Cornell University (Physics), 1988
B.A., Yale University (History), 1984 (*cum laude*, with distinction in major)

Appointments

Senior Research Associate, Computational Biology Service Unit, Life Sciences Core Laboratories Center, Cornell University, 2007 – present
Associate Director for Computational Life Sciences, Cornell Theory Center, Cornell University, 2006 – 2007
Senior Research Associate, Cornell Theory Center, Cornell University, 1998 – present
Senior Scientist, Beam Technologies, Inc., Ithaca, NY, 1997
Research Associate and Group Leader, Computational Science and Engineering Research Group, Cornell Theory Center, Cornell University, 1993 – 1997
Postdoctoral Research Associate, Institute for Theoretical Physics, University of California, Santa Barbara, 1991–1993
Graduate Research Assistant, Laboratory of Atomic and Solid State Physics, Cornell University, 1986–1991
Teaching Assistant, Department of Physics, Cornell University, 1985–1986
Research Assistant, Section of Applied Physics, Yale University, 1984–1985

Graduate Field Membership

Faculty Member, Field of Applied Mathematics, Cornell University
Faculty Member, Field of Computational Biology, Cornell University
Faculty Member, Field of Computational Science and Engineering, Cornell University
